Chapter 5: "Circle" story summary in English

This story is about a girl named Mohini and her grandmother. In the story, the girl is sitting with her grandmother and she is teaching her how to draw a circle. She teaches her how to make ball and balloons. Mohini herself makes balloons and ball. Then her grandmother asks her to make some things in the shape of circle. Mohini makes a wheel, moon and her own face.

Moral of the Story

This lesson help students to think in the some logical way and discover different pictures of things from different shapes. This will help the children to sharpen their brains, and they can treat it as a fun activity which is helpful to learn and to play.
