Chapter 13: Going to the Moon Notes

Going to the Moon

Would you like to go to the moon? Do not surprise. People have landed on the moon. It is now possible for you to go to the moon. You can go to the moon in a rocket or spaceship. The spaceship travels very fast. You would need to wear a special suit called space suit. A person who goes into space is called an astronaut. An astronaut wears a space suit. He goes into space in a space shuttle.

Indians gone into Space

Many Indians have also gone into space.

Rakesh Sharma had also gone into space.

Kalpna Chawla is the first Indian woman to go into space.

Sunita William is the second Indian woman to go into space. She stayed in space for about six months.
